

Interim Enhancements

FAASafety.gov

Effective 12/29/2011

1. Several of you have asked for a report showing the AMT Awards in a specific FSDO District. We have written a preliminary report that does that from the Reports page under the Administration tab. Because it is a draft, you can work further with the report by exporting the report to Excel, for example, if you want to see Regional totals. We'll fine tune this report sometime next year!

2. Those of you who approve seminars have noticed the "Waiting for Approval" message is not descriptive enough. That message now refers to RFMs or FPMs. That should simplify your life a little bit! Notice the word "Acceptance" has been changed in this instance to "Approval." That's because, especially when post cards are involved, managers must "Approve" the expenditure of funds, not just "Accept" the event. The word "Acceptance" still applies when working with FAASTeam Representative Applications.

1/17/2012 6:00 PM EA6541829	Your Medical: Lost and Found Maintaining fitness for flight. Every pilot needs to be medically fit to fly. So how does a prudent pilot lead a lifestyle that will lead to... 1 Credit for Basic Knowledge Topic 3	Free	Keene, NH Waiting for RFM Approval	2,303 mi. from 84116

3. As you know by now, the cost of post cards went up to \$0.07 effective January 1, 2012. All the adjustments for currently approved and pending seminars have been made; you will notice the difference in your fund balance. All future post cards will be billed at the \$0.07 amount.
4. While looking at the post card cost issue, we decided to look at a feature that many of you have complained about. That is the issue of an error message that the post card is more than one page, thereby stopping you from submitting the event, even when no post cards were selected. We made a quick and dirty fix (read temporary adhesive bandage, but it works!) that resolves that issue. You can now write to your heart's content in the Brief Description and Directions text boxes when you select No Post Cards. You may have to jump back and forth from one tab to the other, but it does work! It would still be wise to limit your text in these two boxes to that which is necessary.

Seminar Details | **Distribution Criteria** | **Submit Event**

In this step, you will select your criteria for distributing the seminar notice. When selecting your selection.

*** Postcard Type**
If you do not select 'Standard Postcard', you must upload a custom postcard in the field below, unless you select 'Do not use a postcard'.

☒ Do not use a postcard - Cost: \$0.00
☐ Standard Postcard - Cost: \$0.00
☐ Custom Postcard - Cost: \$0.00
